# STOP!!!

## **Before you operate your computer, READ THIS!!!!!!**

- We are unable to protect you under warranty for the many viruses and spy-ware across the internet. Please invest in and install an anti-virus program such as Norton Anti-Virus 2004 AND perform weekly updates and scans with this software. To protect your machine against spy-ware, we recommend downloading Ad-aware ([www.lavasoftusa.com](http://www.lavasoftusa.com)) and run a weekly scan.
- Unplug your modem and power cord during thunderstorms. Damage caused by power surges are not covered under warranty
- **DO NOT** place your computer close to an open window.
- **DO NOT** place your **LAPTOP** on bedding or any other soft surface that blocks the fan vents on the side of the computer (the computer will overheat, and cause permanent damage to the motherboard), this is NOT covered under warranty.
- **Weekly:**
  - Back up ALL important data to CD or floppy disk
  - Update your anti-virus software
  - Scan the computer with your anti-virus software
  - Scan the computer with anti-spy ware software
- **Monthly:**
  - Clean fans and motherboard from dust. We recommend using an compressed air duster (which can be purchased at any consumer electronics store). Dust will cause your computer to overheat and destroy your processor. This is not covered under warranty
  - Run scan disk and disk defragmenter
- Damage cause by liquids on or in system are not covered under warranty

Broken laptop screens and LCD monitors fall outside of the warranty and are expensive to fix, so please be careful.

To protect your computers against fire, theft, or vandalism we recommend that your purchase renters, home owners, or property insurance which may be obtained by any major insurance carrier. Please record your model and serial number and store it in a safe place.

## Warranty Disclaimer

**Patriot Computers warrants its computer system and all hardware that is included with your system to be free of manufacturer defects for a period of one year from the original date of Invoice (unless otherwise stated). Software (or the media it is stored on) purchased from Patriot Computers is not covered by Manufacturer's Warranty. Examples of software media include Compact Discs (CD) and Floppy Disks.**

### Warranty Includes

1. Technical support for one **year** from date of purchase
2. No charge for Parts and Labor for one year on manufacturer defective hardware purchased from **Patriot Computers**

### Warranty Does Not Include

1. Removal of viruses.
2. Software and/or Data backup
3. Reloading systems inadvertently erased.
4. Upgraded parts purchased and installed by third party vendors (any institutions other than **Patriot Computers**)
5. Any software that came with or without your computer.
6. Lost or damaged items being sent to **Patriot Computers**.
7. Preventative maintenance
8. Software Updates

### Warranty Does Not Include Any Compensation For

1. Lost wages or time.
2. Shipping Charges
3. Internet service charges.
4. Phone charges.
5. Labor and parts replacement charges performed by any service center or institutions other than **Patriot Computers** or approved service centers

### Warranty will be voided if

1. Any part is physically damaged.
2. Shows excessive misuse
3. System is shorted out or otherwise damaged during an upgrade by any other institutions other than **Patriot Computers**. (Note: Also known as "Physically Damaged".)
4. Damages as result of floods, lighting, fire and any other acts of god are not cover by warranty. In such cases the owner is responsible for all repair costs involved.

### Technical Support Covers Troubleshooting Problems With

1. Hardware purchased from **Patriot Computers**.
2. The Microsoft Windows operating system that was loaded with the Microsoft OPK (OEM Pre-installation kit) at the factory.

### Technical Support does not cover and cannot be Used For

1. How to use the Microsoft Windows operating system.
2. Support for third party software (includes installing).
3. Support for any hardware purchased/upgraded by other institutions other than **Patriot Computers**
4. Support for Internet related problems (including connection speeds, browsing, Email, installation or download related problems)
5. Support on computer systems infected with a computer virus.
6. Support on network configuration

### Software Disclaimer

1. **Patriot Computers** will replace physically defective software media. **Patriot Computers** does not warrant software to be free of defects.

AVG: <http://free.grisoft.com>  
A free anti-virus program. Background scanner - runs continuously.

Ad-Aware: <http://www.lavasoftusa.com/>  
A free anti-spyware program. On-demand scanner - run manually.

A-squared: <http://www.emsisoft.de/en/software/free/>  
A free anti-trojan and anti-virus program. On-demand scanner - run manually.

Firefox: <http://www.mozilla.com/en-US/firefox/>  
A free, secure web browser.

OpenOffice: <http://www.openoffice.org/>  
A free office application suite.

Spybot S&D: <http://www.safer-networking.org/>  
A free anti-spyware program. On-demand scanner - run manually.

These programs can also be found on [download.com](http://download.com)

Weekly Cleanup: To maintain your computer and keep it virus-free and fast.

Check for viruses:

- 1: Run AVG: Update, then do a full scan of your computer.
- 2: Run Ad-Aware, a-squared, Spybot S&D: Update, then do a full scan with each.

Clean old files and optimize disk

- 3: Run Disk Cleanup: Click Start -> Accessories -> System Tools -> Disk Cleanup
- 4: Empty Recycle Bin: Right-click Recycle Bin, choose Empty
- 5: Run Defrag: Click Start -> Accessories -> System Tools -> Defrag

You're done!

Some final notes:

The #1 reason computers come in for repair is because of viruses and spyware. Keeping your system free of viruses is the best way to keep it out of the repair shop.

Beware of 'free' software from unknown sites or files from P2P services. Always scan anything you download. (Even video files can have viruses in them now!)

Smoking near your computer will damage moving parts with tar buildup.

Back up your data regularly. Anything not backed up will be permanently lost if the hard drive fails.

Last but not least: Don't ever click on an advertisement pop-up, or buy anything advertised within a pop-up. => ALT-F4 is the best way to close advertisement pop-ups. Don't click a "No" or "Cancel" button within a pop-up either. (The buttons are likely fake) Browse with Firefox or Opera if possible rather than Internet Explorer.
